Waste & recycling

Here at Bethnal&Bec we're passionate about recycling 😊 in the coming months we will create a composting area in the garden for all guests to use. But for now, we need to stick to our waste collection methods - our local council....

You'll find our bins behind the carport. There are three. Please can you use them as they've been designed to use. We do not have a commercial waste licence, and as such any recyclable items found in the BLACK bin means we get nasty letters from the council, and then a fine.

Recycling bin BLUE LID

- All paper
- All cardboard
- Hard plastics
- Glass
- Aluminium cans

Recycling bin BROWN BIN

- Kitchen waste such as tea bags, coffee grinds, kitchen roll
- (ideal) Food waste

General waste Black BIN

- All other rubbish & soft plastic
- Food waste (if you have any vegetable peelings and the egg shells, please feel free to leave them as we feed them to our ducks 😊)
- Use the bin in the kitchen & Bathroom, and pop the bag in the black bin

PLEASE DO NOT PUT COFFEE GRINDS DOWN THE SINK - IT BLOCKS IT VERY QUICKLY

Thanks in advance for your co-operation and understanding

Vicky & Chris
